FALL 1985

Volume VI, Number 1

Presidential Points

Your alumni association is growing each year. Presently we have over 1,100 lifetime members. We would like to have everyone who graduated know about our association and what functions it performs, so if you know of a friend or relative who might be interested, let us know and we'll be more than happy to send an application.

The alumni association was pleased it was able to give one four year grant and 2 two year grants to 3 deserving seniors from the Class of '85. We hope to be able to continue giving these grants to students who may not otherwise have the opportunity to continue their education.

In my last newsletter I asked if someone would be willing to take over and produce the newsletter. The silence has been deafening. Somehow, I didn't get the idea across that there is a real need and we need YOU!!! for this project. The work isn't overwhelming, the newsletter is issued twice a year and is four pages long.

Homecoming

The Homecoming football game will be on October 25th at 3:00 P.M. at Ross Field. The Pointers will play Patrick Henry High School. The annual meeting of the Alumni Association will be held immediately after the football game in the school cafeteria. Please mark this date on your calendar and join us. Refreshments will be served.

Did You See?

The Class of '60 reunion was one of two high school reunions that were featured in a 3-part KCST-TV news feature by Kathy Clark on high school reunions. Several class members were interviewed by Kathy.

(Presidential Points-continued)

There has to be someone out there in our alumni association who likes meeting fellow alumni, has the interest and can spell (thanks to PLHS) to help your fellow alumni in the project. Please call me or write to the alumni office, and join us in this project. THANKS!!!!

President

Principal's Message

Dear Alumni and Friends of PLHS: Your alma mater is well and growing in student population. As of this date our enrollment is 2265, sixty-two more students than last year. We gained two bungalows this summer but we will still have two or three newly assigned teachers who will probably be required to change rooms every period.

The Melinda Roberts Walkway to Freedom is now complete and in use. Students and faculty are delighted with the facilitation of travel from class to class in that area of the campus. We certainly appreciate the contribution of the Alumni Association in helping the Walkway dream become a reality. The Walkway Committee will meet to plan a dedication program and to consider how to raise the few thousand dollars we expect to be short on the project.

We are continually pleased with our students' performances in the classroom, on standardized tests and in extra curricular activities. Four of our students earned semifinalist status and seven were commended in the National Merit Scholarship competition.

You should be proud of the current student body at your school. I look forward to seeing many of you at the homecoming game and meeting in the cafeteria immediately thereafter on Friday, October 25, 1985.

James F. Gauntlett, Ed.D.

(Reunion-continued)

The Classes of '55, '60, '65 & '75 held their reunions in August and September. From all reports there were excellent turnouts and many renewed old friendships. The Class of '75 had a member stationed on Okinawa come to their reunion.

Connection

In the spring newsletter the officers named were correct except the Vice President is Bill Pugh '50, not Rick Leary '63.

Vice Principal Profile

This year the alumni association is privileged to have David P. LeMay as our liaison. The following is his profile.

"One of the "perks" associated with co-administration of a large urban high school involves community liaison. My appointment to work with Point Loma High School Alumni Association is welcome as an opportunity to support and assist with association goals and objectives.

My appointment to Point Loma High in 1984 has provided me with rich and continuing leadership opportunities. I have served our district both as a teacher of history and science. My administrative assignments have involved assistant principalship at the junior high, continuation high, senior high, and magnet school levels. I have enjoyed and served diverse student and program needs.

I am eighteen years married to Donna, a wonderful wife and mother. We parent two growing and developing children, Michele and Brian, who make us proud and bring us much joy.

My B.A. in social science and biology was earned at San Diego State University. My M.A. in secondary school administration was earned at the same university."

The Movers!!

Would you believe over 60 of our members have moved since our last newsletter in May. We sound like a broken record, but please remember us when you move. We still are missing all but one of the members from our Missing Persons list in the last newsletter, and we added several more.
